Dear Parents:

Moss Public School would like to notify you that the US Department of Agriculture will no longer be providing free meals for our students for the 2022-2023 school year. We have enjoyed serving all of our students lunch at no cost to you for the past two years. We will continue to serve high quality, nutrient dense meals that students enjoy. You are highly encouraged to fill out the free and reduced meal application for your family. Applications are available along with pricing and payment options. It is important that the district receives an application from each family. Our district receives funding based on these applications.

At this time our school district does not qualify for any other meal funding options. We will update you if any changes are made. If you have any questions please contact the cafeteria.

Thank you,  
Cheryl Carpenter  
Child Nutrition Director
